MACHIAS, Maine, July 5.—A fast
converted yacht placed in the U. S.
naval service at the outbreak of the
war left here this afternoon to go to
the aid of the British dirigible R-34.
With full steam ahead it will take the
yacht 5 hours to reach the big airship.

(International News Service.)
WASHINGTON, July 5.—The U. S.
S. Fatula, a converted steam yacht,
together with two U. S. destroyers,
were ordered by the navy department
this afternoon to proceed to the position
of the R-34, believed to be down
in the Bay of Fundy and to render
whatever assistance may be possi-
ble.

(International News Service.)
ROOSEVELT FIELD, Mineola, L.
I., July 5.—Within sight of Ameri-
can mainland and with victory almost
won, the giant British dirigible R-34
is reported this afternoon to be stalled
between New Brunswick and Nova
Scotia over the Bay of Fundy.

She was on the last lap of her his-
tory-making Trans-Atlantic flight and
within a few more hours would have
made Mineola, where thousands of
persons were waiting to receive her.
First reports that the dirigible was
in trouble came through American
naval stations far up the Atlantic
Coast. The naval wireless station at
Otter Cliff picked up this message
from the ship: "Could destroyer pro-
ceed to south end of Bay of Fundy to
take his Majesty's airship R-34 in tow."

The naval wireless station here
picked up another message from the
R-34 as follows: "Flying over Nova
Scotia. Strong headwinds. Petrol
running short." The message was
from Lieut. Commander Lansdowne,
U. S. N., who made the overseas flight
in the R-34 as the guest of the British
government.
Otter Cliff station heard the mes-
sages this morning sent by the R-34
to the Canadian shore stations at Cape
Race and Cape Sable, but none of them
gave indications as far as could be
learned that the big craft was in
trouble.

THREE-GAME SERIES WILL BEGIN MONDAY

FAST AGGREGATION FROM BIRMINGHAM TO PLAY LOCALS.

Manager Ott Hames of the Albany-
Decatur team announced today that
he had booked a series of three games
with the fast Rickwood team of the
T. C. L. League, beginning Monday.
The games will be played Monday,
Tuesday and Wednesday.

Graham and Barnes will hurl the
first two games, and it is possible
that Baker will go on the mound in the third.

The Rickwood team is said to be
faster than the Lawrenceburg outfit
which played a sensational series
with the locals recently.

"Red" Roberts, who is now play-
ing right field for the Albany-
Decatur team, played with the Rickwood
team early in the present season, and
states that it is the best outfit to ap-
pear here so far this year. He ex-
pects a hard battle.

MOEBES MAKING WRITTEN APPEAL IN BEHALF OF THE MEMORIAL FUND

Otto Moebes, Albany chairman for
the soldier's and sailor's Memorial
drive, is today using the mails to fa-
cilitate the work that he has under-
taken. He is sending out 1,500 let-
ters, and is asking those to whom the
letters are addressed to remit the
small amount asked without further
solicitation.

HUSKY MEMBER OF CONGRESS

Representative Lucien W. Parish
of Henrietta, Tex., is a fellow town-
man of "Tex" Rickard, promoter of the
Willard-Dempsey match. If Parish
had decided to enter the fight-
ing game instead of law, agriculture
and oil, "Tex" might have made a
fortune out of managing him. Parish
is younger than Jess Willard and
just as husky. He stands 6 feet 2
inches and weighs 240 pounds. He
played football in Texas university
for four years without missing a game
and hung up a new southern record
for shot-putting. He has made a for-
tune out of petroleum since his col-
lege days.

HINDY IS READY TO STAND TRIAL BY ALLIED COURT

(International News Service.)
COPENHAGEN, July 5.—Field
Marshal Von Hindenburg, former chief
of staff of the German army, who has
just retired to private life at Hanover,
has telegraphed to President Ebert
accepting responsibilities for all acts
and decisions of German army head-
quarters subsequent to August, 1916,
and also full responsibility for all pro-
clamations issued by the ex-kaiser re-
garding the waging of war, said a
dispatch this afternoon.

"The proclamations were issued
upon my advice and responsi-
bility, and I desire to advise the al-
lies of this," said Hindenburg in his
message.

U-BOAT MEN SCARED

(International News Service.)
BERLIN, July 5.—German offi-
cers declared today that probably not
a single U-boat commander will ap-
pear when the entente summons them
before an international court to an-
swer charges of war crimes.

It was stated that probably only
a few defendants of any class will be
on hand. Many submarine command-
ers have escaped to neutral countries.
Others are hiding in Germany, and
some have threatened to commit sui-
cide if they are summoned to court.

PERU PRESIDENT TAKEN PRISONER BY REBEL TROOPS

(International News Service.)
WASHINGTON, July 5.—State de-
partment advices today confirmed re-
ports that President Pardo, of Peru,
was taken prisoner yesterday by two
regiments of rebels who proclaimed as
his successor A. B. Leguia, who was
defeated for the office at the last
presidential election.

BIG CROWD HEARS THE FIGHT DETAILED, LOCALS WIN GAME

GRANDSTAND CROWDED BY EN-
THUSIASTIC FANS WHO
BRAVED HEAT.

Dempsey Was Cheered

MOULTON REFUSED TO PLAY
SECOND GAME, DESPITE
HAME'S INSISTENCE.

A crowd in excess of six hundred
paid admissions to baseball park yester-
day afternoon to hear the Willard-
Dempsey fight detailed and to witness
the ball game between the Albany-
Decatur and Moulton teams. For three
hours they sat in their seats and en-
joyed the fun, and when it was finally
apparent that the Moulton aggre-
gation could not be persuaded to play
the second game of the proposed double-
header they filed out without clamoring for more.

Early in the game, the Moulton
team became disgruntled at the deci-
sions of the umpire and also at the
showing made by their pitcher, who
had been imported from Nashville for
the occasion. He appeared in the uni-
form of the E. & N. Manufacturing
Company, one of the fastest teams in
the Nashville City League, but failed
to show form and was freely hit by
the local sluggers. Once disgruntled,
the visitors positively refused to play
two games, even with the understand-
ing that one was to be for seven in-
nings and the other five. Manager
Hames agreed to loan them a pitcher
for the second contest and also in-
fielders, if needed. Ernest Kumpke,
manager for Moulton, was willing to
play the double bill, as were several
of the men in Moulton uniform, but
one or two held out and could not be
pacified.

Crowd Cheers Dempsey

The big crowd cheered Dempsey
when at the end of the first round the
news was flashed that Willard had
been knocked out. When an explana-
tion quickly followed, stating that the
bell had saved the former champion,
the fight fans knew that the jig was
up for the Kansas farmer, but listened
to the detailing of the next two rounds
with considerable interest. It was ap-
parently a Dempsey crowd. Owing to
the numerous preliminaries, and the
fact that the two contenders for
championship honors did not enter
the ring until 4:10 o'clock, more than
an hour late, the crowd was asked
whether it preferred for the ball game
to begin or to wait for the detail.

"Let's have the fight," was the shout,
followed by "play ball." So the ball
game was begun, and the fight de-
tailed between innings. The detail, as
furnished by a leased wire of the In-
ternational News Service, direct from
the Toledo arena, was fast and snap-
py. Marvin Rankin was the official
caller, making the announcements
from in front of the grandstand. His
work was praised as being exception-
ally high-class.

GERMANS ACCEPT THE PEACE TERMS

FIRST ORAL NEGOTIATIONS WILL BE OPENED MONDAY OR TUESDAY.

(International News Service.)
PARIS, July 5.—The first oral ne-
gotiations with the Germans regarding
the carrying out of the treaty terms
are expected to begin on Monday or
Tuesday.

The German government has sent a
note asking that the question of
reparation be considered immediately,
which disposes of doubts that the
Germans would hold up the ratifica-
tion of the treaty.

COUNCIL MEETS

(International News Service.)
PARIS, July 5.—The council of
five met this afternoon to consider
the opening of the Danube to com-
mercial traffic and the disposition of Ar-
menia. They hope to get other mat-
ters out of the way so that the Adri-
atic problem can be taken up at the
beginning of next week.

PARADE FLIGHTS ARE FEATURES OF FOURTH PROGRAM

LIEUTENANT STEEL THRILLS
BIG CROWD WITH DARING
TAIL SPIN.

Leans Defeat the Fats

CAPTAIN McCLAREY'S CREW
WIN OVER THE HEAVY-
WEIGHTS 21 TO 5.

Led by Marshal Seneca Burr on a
handsome black horse, and followed
by a band, decorated floats, automo-
biles, bicycles and pedestrians, the
Fourth of July parade here yesterday
passed through the principal business
sections of Albany and Decatur and
into history.

The parade formed at the foot of
Ferry street at 9:30 and shortly after
ten o'clock moved up Ferry street to
Church, to Bank street and back to
Lee and into Albany, up Second ave-
nue to Gordon Drive and to the avia-
tion field where a barbecue and an
interesting program was rendered.

Airplane Here

Over the Southern horizon, just be-
fore noon, appeared the "stunt" flier,
coming here from the aviation re-
pair depot at Montgomery for the
celebration. The machine was in com-
mand of Lieutenant Steel, who is well
known here, having made several
visits to the Albany landing field.

Lieutenant Steel started on the re-
turn trip to Montgomery yesterday
afternoon late but after reaching Cal-
man was forced back by a storm and
returned to the Albany field, where
he landed again and made his plane
"ship-shape" for the night. Coming
down, Lieutenant Steel made one of
the prettiest tail spins ever seen
here. En route here Lieutenant Steel
did "stunts" over Hartselle for the en-
tertainment of the big crowd there.

Leans Triumph

The baseball game between the
"Fats" and the "Leans" was the clos-
ing event of the program at the avia-
tion field, the "Leans" triumphing to
the tune of 21 to 5 in an abbreviated
contest. Captain McClarey's wreck-
ing crew crossed the platter until their

TAG DAY WAS QUITE A SUCCESS; MISS MCGARR WINS THE PRIZE

Tag day, held yesterday in behalf
of the Albany-Decatur baseball team,
proved quite a success, although all
receipts are not yet in. Mrs. Ott

had charge of the drive, today ex-
pressed their thanks to the public, and
expressed themselves as well pleased
with results. It was announced that

WILLARD ADMITS JACK DEMPSEY WAS BETTER MAN

(International News Service)

Toledo, July 5.—Yellowing pages of pugilistic history chron-
icle many battles replete with sensations, breath-checking and
weird moments, but nothing that even remotely approaches that
clash of yesterday afternoon. A new day has been born since
Jack Dempsey battered Jess Willard into a crumpled, grewsome
looking human. Even now the thousands which witnessed it are
still in a daze, still unable to put into sequence every moment of
that fact; still bewildered by the dramatic incidents of that spec-
tacular, yet one-sided, bout. But though they cannot clearly enact
every action of those three hysteria-producing rounds, they are
a unit in this one expression—"Jack Dempsey sizes up as the
greatest punching heavy-weight of all time; the miracle man of
the fistful world."

The seconds were: For Willard,
Walter Mohanan, Jack Hempel, and
Ray Archer. For Dempsey: Jack
Kerns, Jimmy DeForrest and Bill
Tate.

No weights were announced.

First Round

The fight commenced at 4:10.
Willard stabbed three times with
his left and missed. Dempsey landed
a left to the stomach. Dempsey drove
a left to the jaw and Willard staggered.
Dempsey landed a punch over the
heart and Willard went to the floor
for the first time in his career.
Dempsey floored Willard six times in
the first round, driving him all around
the ring keeping him on the ropes.
Willard never once was able to punch
back. When Dempsey had Willard
on the floor for the sixth time, the
referee apparently had counted him
out. Dempsey was sent to his corner.
The Dempsey crowd assuming that
Willard was out, went crazy. The
crowd surged forward while Willard
was being led to his corner, then
broke into wild cheers for Dempsey.

Second Round

Dempsey opened with a vicious at-
tack and drove Willard about the ring
again. He had him on the ropes a
few seconds later with a right to the
head and a left to the jaw. He closed
Willard's right eye. Willard clinched
repeatedly to save himself and the
referee was forced to break constant-
ly. Dempsey drove Willard to the
ropes three times in succession and
was pounding his head and body when
the round ended.

Third Round

Dempsey drove a left to the jaw
and followed it with a right. Willard
climbed. Willard staggered to the
ropes. His face was blood-smear-
ed. Dempsey smashed him again with
a crash to the jaw and another to the
stomach. Willard attempted to rally
but every swing went wild. Willard
hooked a left to Dempsey's body as
the third round ended.

Willard was staggering as he walk-
ed back to his corner and his right
eye closed repeatedly. When Willard
went back to his corner at the

MANY THOUSANDS HARTSELLE GUESTS FOR THE 'FOURTH'

ALL APPROACHES TO LITTLE
CITY ARE THROGGED
WITH VISITORS.

Parade Great Success

MANY PROMINENT SPEAKERS
DELIVER ADDRESSES DURING
THE DAY'S PROGRAM.

By J. E. BLAIR
Staff Correspondent.

HARTSELLE, Ala., July 5.—All
approaches to Hartselle were thronged
for hours yesterday morning with ex-
pectant visitors from all parts of Mor-
gan and adjoining counties who had
accepted the royal hospitality of Hart-
selle citizens for the full bill of fare
of the July Fourth celebration. One
item on the list which no one missed
and all praised was the mammoth
free barbecue.

If there was a detracting feature
to this great feast, it was to see how
hard Arthur Stephenson, P. Mitweede,
John Sample, A. E. Jackson, J. B.
Leeman and others had to work to
"put it over."

There was no time to send the peo-
ple in companies on the grass or any
other way, as all had to hurry through
for the Sailor's and Soldier's Memori-
al building drive, which came directly
after dinner. The hungry thousands
took the delicious food in individual
trays and as they stood, washed it
down with long drafts of free lemon-
ade. Some wise in their day and gen-
eration as to the long wait in the hot
sun, necessary to be served with the
barbecue, had brought baskets filled
with fried chicken, peach pie and the
like.

Al. L. Alford, one of these wise
men, made at least one soul happy
when he divided such a lunch with him.
Out side of the noon-day meal yester-
day, the big feature of the Hartselle
celebration was the crowd present.
Some conservative estimates placed it
at 8,000, while other said that in order
to get a fair idea of the number pres-
ent, it was necessary to compare it to
the leaves of the trees or the stars of
the sky.

Judge W. W. Brandon was the or-
ator of the day and his subject was,
"A world democracy and our responsi-
bilities." The speaker's message may
be epitomized by reporting the last
part of his advice to the great com-
pany of cheering humanity that heard
him. He declared in closing that al-
though cooperation were to super-
sede avarice and heartless competi-
tion. He said that the Savior's all
inclusive commandment—"Thou shalt
love the Lord, thy God, with all thine
heart and thy neighbor as thy self"
must be accepted and acted upon in
good faith, or else the war had been
fought in vain and the race was not
on the road of progress.

The closing sentiment of the speak-
er was "You cannot have the 'per-
fect day' of which one of your beau-
tiful daughters has just sung, unless
we practice the precepts of the Great
Teacher." The speaker had refer-
ence to the solo, "A Perfect Day" as
sung by Mrs. R. M. McGlathery.

Speaker Is For Treaty

In the course of his address, which
immediately preceded that of E. C.
Payne, county chairman of the coun-
cil of defense, Judge Brandon took
occasion to express himself on many of
the questions of the day. He said
amid cheers: "Knock me off this
platform if you want to, but I say to
you that any Senator who shall oppose
the ratification of the recent treaty
which Woodrow Wilson has signed, is
not worthy of the name of 'man.'"

Story of Celebration

A few days prior to the Fourth
after Hartselle has raised her entire
quota to the State Memorial build-
ing, the following with many others
determined on a free for all inde-
pendence day celebration at Hartselle
with special reference to the rejoic-
ing due for the crushing defeat given
the Hun: A. E. Jackson, Arthur
Stephenson, R. W. Boteler of the Hart-
selle Enterprise, I. V. Griffin, J. B.
Leeman, Prof. J. A. Riddle, John R.
Sample, J. H. Corbis, S. E. Stewart,
S. A. Blair, Mr. Sherrill, Alford Todd,
Mr. Thompson and others. After rais-
ing a budget of over a thousand dol-
lars, these men secured the agreement
of Captain Richard Burleson, a hero
of the Marine battle and a local boy,
to act as chief marshal and command

WAYS OF STOPPING THE NEGRO EXODUS.

(Birmingham Ledger.)
Word comes from Chicago that there are 10,000 idle southern negroes there seeking jobs and anxious to come back south. At the same time northern labor agents are importing southern negro laborers for temporary employment.

The south wants no man, black or white, to remain south who feels a call elsewhere. At the same time we need the usually docile and pliant negro labor in our mines and mills and on our farms. The question is how to prevent this emigration to the north from assuming serious and detrimental proportions. That problem is for us of the south.

The line of segregation is ironclad and will ever remain so. It exists in the north as well as in the south, just so soon as a northern community attains a noticeable negro influx.

We can do one thing and we ought to do it. We should put the lid on the oppression of the negro by the law's fee-grabbing understrappers. Not an employer of negro labor who does not painfully realize the industrial confusion caused by the practices of the lower rungs of our constabulary. If we would halt the emigration northward we must halt lynching and petty oppression. The latter is omnipresent and causes more discontent and is more provocative of the outgoing movement than all other causes combined, because it affects the innocent and law-abiding as well as the criminal and semi-criminal of the race.

Voice of the People

"GO SLOW" SAYS PAYNE.
IN GRANTING FRANCHISE

Albany-Decatur Daily:
The people of Albany and Decatur are the most patient, long-suffering and forgiving people on earth. Also they have more money to throw away than most people. This is evidenced by the fact that they accept any old imposition that the gas company and water company choose to put upon them and pay their money for a service they do not get, without a murmur. The last excuse of the gas company "some one went to sleep" at the gas house is on a par with the one given sometime as "poor coal." Why not stop giving excuses and give a reason.

It is a very good time to "go slow" about granting the Alabama Power Co. a thirty year franchise. Just take in consideration that electric power can be produced with coal and sold for less than the Alabama Power Co. will furnish it even if it is produced by water power. Ask them about it. There is plenty of time in which to grant them a franchise when they are ready to deliver the "juice." By the way Mr. Editor, do you enjoy a good race? If so, take a stand on Eighth avenue at the corner of Grant, Moulton or Sherman streets and you will see some of the prettiest speeding on earth. Then you will see the Blue Racers, the Red Devils and many others doing their best.

Is it not about time to pass an ordinance prohibiting the use of the "cut-out" on automobiles? Some drivers delight in seeing how much noise they can make.

Yours,
E. C. PAYNE.

Rubber Plantations.
In the past the world's supply of rubber has come chiefly from the Amazon. Today the demand is so great that Brazil supplies only about one-fourth of the product. The Malay peninsula, Ceylon, Sumatra, and of late the Philippine Islands, have been cultivating rubber plantations extensively, and it has been discovered that rubber trees will grow almost anywhere along the equator where there is sufficient rainfall.

Iron That Can Be Whittled.
It is well known that rapid cooling of hot metals hardens them. That the opposite is true has recently been demonstrated in striking fashion by the General Electric company. One of their scientists annealed American ingot iron surrounded by hydrogen gas for three hours at a temperature above 1,000 degrees Fahrenheit. The product was very little harder than the softest copper, and can be whittled with a knife.—Scientific American.

Willard Admits Jack Dempsey Was the Better Man

(Continued from Page one)

end of the third he collapsed in his seat. His seconds rushed forward and talked with him and decided that he was unable to continue. They tossed a towel into the ring and Dempsey was crowned champion of the world. It was the worst beating in the shortest time any champion ever sustained in the history of the world.

DID IT HIMSELF.

(By Ed. W. Smith.)
TOLEDO, Ohio, July 5.—He managed himself, he trained himself and he threw his own towel into the ring when he was licked. That, in a brief line or two, is the story of the total collapse of Jess Willard, until 4:30 o'clock yesterday afternoon world's champion. Jack Dempsey knocked the crown off his head in a hurry, and no man in a championship battle ever received such a quick and such a decisive licking as did this big man from Kansas. He was forced to throw up the towel, and he threw it up himself. They asked him between the third and fourth rounds what he wanted to do, and as he had lost all power of speech he reached over to one of his helpers, seized a towel, put out his hand and with the one atom of strength left in that giant brain tossed it in. Along the course of the towel from the Willard corner over toward Dempsey's, went the championship of the world, and the richest athletic plum in the universe. A new champion had been crowned and undoubtedly the most popular champion since the old days of John L. Sullivan. Willard knew at the end of a minute that he was whipped.

BOTH MAKE STATEMENTS.

(By Frank G. Menke.)
TOLEDO, July 5.—During the day, while nature was slowly healing the terrible Willard hurts that Dempsey's punching caused, the former champion said: "I have no alibi to offer. A better man whipped me. It wasn't my lack of condition. My system of self-training was all right for a man of my years. If I had trained otherwise I might have been beaten worse. But in defeat I have the knowledge that it took a good man—a mighty good man—to send me down."

Dempsey said: "From the first moment I saw Willard in a gymnasium—that was two years ago—I felt that I could whip him, felt that he was just made for me. And yesterday I proved that belief to the world. When my first punch landed in his stomach and my second went crashing into his jaw, I knew that I had him. I knew that the hour had arrived when I would reach the crest of the pugilistic world. Willard wasn't an easy man to beat. I hit him harder in that first round than I had ever had to hit any other man. There is an old saying that they all go if you hit them hard enough, and Willard was no exception."

Big Dirigible is Reported Stalled; Ships to the Rescue

(Continued from Page 1)

The need for a tow could only mean one thing, officials here declared, and that is the ship is in serious trouble. They believe that either her petrol has run clear out or that serious motor trouble has been experienced. Officials were satisfied that the lives of the crew are in no danger. They believe the big ship is floating lazily over the waters of the bay, unable to move.

The south end of the Bay of Fundy lies 400 air miles from New York, so that the big dirigible completed practically 7-8 of her journey. It is roughly estimated that she must have traveled 3,000 miles. The messages from the ship eliminated the last faint hope that she will be able to make Roosevelt Field today.

ARRESTS AT FLORENCE
(International News Service.)

Several persons were injured in clashes between the mobs and police. The trouble across over the high cost of available food stuffs.

WILSON'S PLANS ARE SLIGHTLY CHANGED

WILL PAY NEW YORK CITY BRIEF VISIT ON ARRIVAL.

(International News Service.)
ON BOARD GEORGE WASHINGTON, July 5.—A revision was made in President Wilson's plans today which will enable him to pay a brief visit to New York city, when he lands at Hoboken next Tuesday. The president expects to go ashore shortly after noon and will proceed to Carnegie Hall in New York city, where he will be formally welcomed by Governor Smith of New York state. After a brief response Mr. Wilson will go to the Pennsylvania station and board a train for Washington. The George Washington will be greeted outside of Ambrose channel by the American fleet. Secretary Baker and Secretary Daniels and other officials will go down New York bay on the battleship Pennsylvania and be transferred to the George Washington before she docks.

Boy Scouts Leave For Camp Tuesday

ARE URGED TO MEET SCOUT-MASTERS AT "Y" TO-MORROW.

Albany Boy Scouts will leave for camp Tuesday, it was announced today by Scout Masters Bowles and Kuhn, the date having been advanced. The Scouts who expect to make the trip were today urged by Mr. Bowles to be present at the Y. M. C. A. Sunday afternoon at 4 o'clock, at which time final plans for the camp will be announced.

Moebes' List

OF TOWN AND COUNTRY PROPERTIES

Back to the farm—Back to Mother Nature. Back to the earth that produces everything. It is the slogan of the day—and the road to independence.

It has been demonstrated that most men are more efficient and will reduce more without a boss. The farmer is on his own initiative—he is his own Boss. He makes what he has and he has what he makes. He understands that he is not working for the "other fellow," and this spurs him on to greater action. When his day's work is done he is tired enough to sleep and rest, the kind of rest that fits him for the next day's work. No, the farmer doesn't have to buy nerve medicine to seduce sleep or to relax his brain and physique—he gets his medicine from the pure air that he breathes and the water that he drinks.

Think of it; no water bill, no light bill, no fuel bill, no city taxes. Oh, the farmer has it on all when it comes to getting the most out of life.

Let us fix you up in one of the little farms that you have been dreaming about. You will love us ever afterwards.

No. 526
80 acres of land, five miles from Albany, on good pike, 50 acres cleared, good 6-room dwelling, barn, orchard, well, all fenced, good pastures, large everlasting spring branch, strong land, several acres in red clover. Will produce anything. One of the best hog farms in the county. Price \$6500.00.

No. 506
60 acres, five miles from good market town, 45 acres in cultivation, seven-room house and barn, good land and very productive. Price \$3500.00.

No. 510
160 acres of good level land, red clay sub-soil, 3 miles from Albany, two-thirds cleared, all under fence, good pastures, two sets of houses. Price \$60.00 per acre.

No. 513
280 acres of good red level land, near railroad, 2 miles from Athens, Ala.; ten miles from Albany and Decatur; 150 acres cleared and in cultivation, good fencing and plenty of running water; good residence and tenant houses; one well and two springs; in good community, churches and schools; a well balanced all-round farm. Price \$75 per acre.

No. 514
280 acres red clay and creek bottom land, six miles from railroad station; 3 miles from small town, about 8 miles from Albany and Decatur; all level land, about 150 acres in cultivation, about 70 acres cut-over and can be easily put into shape, balance in timber, 40 acres in rich creek bottom, 10 acres fenced with hog wire, wells and springs, 5-room residence, 3 tenant houses, 4 barns and outhouses. Price \$50.00 per acre.

No. 523
1029 acres, in Limestone county, about 4 miles from Decatur, one mile river frontage, rich river bottom and second bottom and red upland, about 250 acres in cultivation, 250 acres in 3 fenced pastures; plenty of running water, excellent pastures, green cane the year round; public road through place; school house on place, 5 houses and barns. Best stock proposition anywhere. Can be had at a bargain. See us for price and terms.

No. 525
500 acres, all red land, in Limestone county, 3 miles from Athens, Ala., about 2 miles from railroad station on Louisville & Nashville railroad, one-half mile frontage on railroad, about 300 acres in cultivation, four sets of houses, barns, only six miles from Albany and Decatur. Price \$50.00 per acre.

No. 527
175 acres, 2 miles from Belle Mina, in Limestone county, 4 miles from Albany and Decatur, 125 acres in cultivation, strong level red land, two sets of houses, one good old-fashioned residence, two barns and plenty of fencing, pastures, etc. Two good wells and plenty of running water, located on Belle Mina and Athens road. Price \$80.00 per acre.

No. 528
1000 acres of good bottom and upland, well divided, on pike road, 7 miles from good market, part of this is red land and very rich, plenty of running water and will make a fine stock farm. See us for price and terms.

Our full list of farm property furnished on application.

We have on our list 50 or 60 residences in Albany, Decatur, Austinville and Fairview. If you are interested in buying a home, we have some very attractive propositions. We also have a number of building sites at much less than the real value.

Where are you going to spend the summer? Suppose you take your wife and family to Trinity Mountain. Plenty of good cold spring water, high up above the mosquitoes, the atmosphere is several degrees cooler than in town; sleep under a light cover while the fellow in town needs an electric fan. We have a nice 4-room cottage which we will rent you for the season. If interested, call us up.

Big men are on their way, and these big men want to take everybody else along.

Little men are in the way, and they scheme to stop the onward march of everybody.

There is a difference in men. Good roads convention in Montgomery, on July 10th and 11th. Let's all get on the band wagon and go. No matter whether you can make speeches or not, it is the delegation that we want, and the bigger the better.

Almon's Auto is Damaged in Wreck

MOULTON MAN, EN ROUTE HOME FROM GAME, IN AN ACCIDENT.

An automobile owned and driven by Tom Almon, of Moulton, a brother of Solicitor D. C. Almon, was considerably damaged late Friday afternoon when it was struck by a car said to be owned by a Mr. Eubanks. The accident occurred shortly after Mr. Almon turned out Moulton street on his way back home. None of the occupants of the two machines was hurt. Mr. Almon was driven home this morning by Solicitor Almon, while his car was sent to the garage for repairs.

Judging the World.
People seem not to see that their opinion of the world is also a confession of character. We can only see what we are, and if we misbehave, we suspect others.—Emerson.

UNITED STATES RAILROAD ADMINISTRATION

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

Many Thousands Hartselle Guests For the 'Fourth'

(Continued from Page 1.)

the exhibition drill of the many boys in khaki who attended the celebration. Captain Burleson's day's work yesterday was strenuous, but as he had fought faithfully in battle, so in civil life he served with conscientious zeal. The success of the parade which formed in the centre of the town and marched half a mile out to the County High School grounds, where the speaking and dinner were served, was entirely due to the ability of Captain Burleson to interest and keep in line the long line of marchers.

Arrived at the grounds Captain Burleson was pressed into service as one of the speakers, and in the morning following Mr. Crosbie, he made perhaps the most eloquent address of the day, at the close of which he was given an ovation.

The following was the official program:

J. H. Corsbie, Chairman.
J. H. Riddle, Superintendent.
Parade 10:00 a. m.

Music, "Star Spangled Banner."
Five Minutes Speech Welcoming Soldiers and Sailors—J. H. Corsbie.

Music.

Welcome Address—Capt. R. A. Burleson.

Four Minutes Speech—E. C. Payne.

Base Ball Game.

At the close of the ball game, A. G. Patterson, a member of the Memorial Commission as appointed by Governor Kilby, arrived bringing with him Chaplain Smith, who had previously spoken at the Albany celebration. In addition to this speaker's appeal for the Memorial building, he secured signers to his petition to Congress asking that in the event of future wars that white and colored soldiers be kept entirely separate, and also raised enough money to send Congress a telegram to this effect.

According to Dick Ryan, Former County Treasurer, who is aiding Chairman A. E. Jackson in the Memorial drive, Hartselle, Florette, Somerville, and a few other beats are "over the top" while Falkville, Valhermosa Springs, and others are near their quotas. L. V. Griffin, the last speaker of the day, passed a large number of pledge cards in the hands of his audience following his address and reported that he had received a generous response in pledges and money for the memorial.

CHECK FOR MOLLIE D. VIGERSTAVE.

The local Home Service Section of the American Red Cross has been asked to locate Mollie D. Vigerstave, whose address is given as Albany, Alabama. A check representing allotment and allowance to be paid Mollie D. Vigerstave on account of her relative in the service now lies in the check file of the Bureau of War Risk Insurance in Washington, D. C.

tongues hung out, while the sluggers of Captain Earl Thomas failed to do any damage with the slants of Marvin Rankin, on the hurling bill for the lightweights after the initial frame when a home run by Earp into the automobiles parked in left field gave the heavies three of their five counters.

R. C. Gardner opened the contest on the firing line for the "Fats" but the pace set by the "Leans" was so fast, Earp, who had been playing short, was called into the pit. His offerings also were touched up heavily. The game was called on the sixth to allow the aviators to "tie down" for the night. The game was witnessed by a good sized crowd with supporters of the contestants fairly evenly divided. The score was kept by J. P. Matlock, who displayed remarkable mathematical ability, in keeping track of the counters.

Prizes Awarded

A number of prizes were given by local merchants for the best decorated bicycles in the parade yesterday morning. The judges encountered trouble in selecting prize winners because of the general excellence of the decorations, but the following winners were announced today.

Robert Stinson, bicycle tire.

Miss Nelson, tennis racket.

Dan Lewis, baseball glove.

Hoyt Wiggins, flashlight.

Miss Jones, middy tie.

Garnett Young, baseball bat.

Carl Gallaher, pocket knife.

Edwin Lewis, baseball bat.

At the aviation field where a number of contests were staged, Miss Bessie Norton was crowned "Queen of the Day" in a popularity contest.

Wilks Concludes Splendid Revival

Dr. W. P. Wilks, pastor of the Central Baptist church returned today from Russellville, where he conducted a revival that resulted in 34 conversions of faith. During the revival, the church debt, of ten years standing, was entirely lifted. Dr. Wilks will occupy his pulpit Sunday morning.

LITTLE GIRL IS INJURED BY AUTO

LOIS STUCKEY KNOCKED DOWN AND PAINFULLY BRUISED.

Lois Stuckey, daughter of Rev. R. W. Stuckey, of Huntsville, and who is here visiting her grandparents, Rev. and Mrs. R. F. Stuckey, was knocked down and painfully injured yesterday afternoon by an automobile driven by L. J. Cardin.

The little girl, with a playmate, was proceeding up Riverview drive, walking near the curb, when Mr. Cardin approached in a Ford car. When just opposite the girls, the car struck an obstruction in the road and skidded. The child was knocked down and badly bruised, but it is not thought that she was internally injured.

Mr. Cardin was not blamed for the accident, which was said to have been unavoidable.

Mrs. J. A. Buttrey Is Much Improved

Letters received daily by J. A. Buttrey from Mrs. Buttrey, who underwent a serious operation at a hospital near her mother's home in Pennsylvania, state that she is improving rapidly. A letter today told of Mrs. Buttrey having been able to sit up for 25 minutes, and if her improvement continues she will soon be able to return home. The operation was expected to be a minor one, but proved quite serious.

words of the diceman, was the way things went in the one fracas that was staged, with the home talent on the long end of the score. The fun began in the initial frame, when Moulton put two runners across the platter and got away to a good lead. Sandlin, with one on, poled a terrific triple to right, and later came home on a passed ball. The Albany-Decatur came back with three runs, taking the lead and holding it throughout the remainder of the contest. In the ninth the visitors staged a batting rally and threatened to "come back," but were unable to amass the big number of tallies required. Bragg for the visitors also featured with the willow, securing a triple.

First Home Run

Newell Baker waded into one of Ayer's juicy ones in the eighth and slammed it almost to the center field fence. He beat the throw-in, and thus won credit for the first home-run of the season. Baker was there with the mace throughout the contest, and his poling did much to aid the home team to win. A double-steal by Halbrooks and McDuff in the seventh resulted when Norwood, playing third for Moulton, tried to tag Halbrooks in a chase. Halbrooks was called safe on his return to second, and at once beat it for third, while McDuff advanced to second. It was this play that started Moulton to "beefing" and probably spoiled a second game.

The contest was not of the sensational order, as it was apparent that Moulton was out-classed. Even with its strengthened team it showed no championship form, and is already probably eliminated from the amateur flag race.

Rheumatism Cured by 'No. 40' or Money Back

Frank Staser, Newburgh, Ind., states: "I suffered with rheumatism for several years and tried numerous remedies with little or no benefit. Mendenhall's Number 40 was recommended to me and I used in all six bottles and am entirely cured. I cheerfully recommend it to all rheumatic sufferers."

We have instructed Preuit-Dillehay Drug Co. to issue a guarantee with three bottles of "Number 40" and if you are not cured or satisfied, your money will be cheerfully refunded.—J. C. Mendenhall, 40 years a druggist.

PARKER-PETTY.

A wedding of interest to a wide circle of friends occurred on Wednesday at three o'clock at the residence of Mr. and Mrs. J. E. Patton of Harvest, Alabama, when Rev. J. R. Rice pronounced the solemn ceremony that united in holy matrimony, Mrs. Viola B. Petty and Mr. J. A. Parker.

For this occasion, the house had been prettily decorated, a short reception followed the ceremony during which ices were served.

The bride wore a beautiful blue Georgette and corsage of sweet peas. Later the wedding party that included Mr. and Mrs. W. A. Cramer, Mr. and Mrs. J. V. Robertson, Joe McCutcheon, motored to Albany to the residence of Mr. and Mrs. W. A. Cramer where a wedding supper was served. The party was received by Mrs. J. B. Robinson who wore an embroidered white silk and corsage of white Geraniums and Miss Lillian Cramer, who wore blue Georgette and corsage of white Geraniums.

Covers were laid for Mr. and Mrs. J. R. Cramer, Miss Cramer, Mrs. Jack Fields, Walter Fields, Mrs. J. R. Wallace, Mr. and Mrs. J. R. Robinson, Mr. and Mrs. W. F. Robertson, Rev. and Mrs. R. F. Stuckey, Joe McCutcheon at a well appointed table centered by a blooming plant.

Mrs. Parker wore for this function a handsomely embroidered Khaki colored Georgette and corsage of sweet peas. At a late hour Mr. and Mrs. Parker left for Niagara Falls and points North and East.

Keep Up the "Friend Supply."
The success of every life, as well as its happiness, depends very largely on its friendships. Take time to make friends. Take time to keep them. There are a great many unnecessary things which can be omitted from our daily activities and no harm done, but for the making and for the keeping of our friendships in repair one must find time, whatever else is neglected.

WORTH A PLACE IN MEMORY

Commonplace Jingle Carries a Sentiment to Which More of Us Should Subscribe.

Every once in awhile someone with a genius for rhymes jingles a great big chunk of truth into verse. These are the unknown and perhaps unconscious poets. You see their outpourings on picture post cards, scribbled on dead walls and in other unlooked for and wholly unexpected places.

A friend sends us one of these wandering vagaries, and we have so much enjoyed reading it that we herewith pass it on to you. It runneth thus:

"Let the howlers howl,
And the growlers growl,
And the howlers howl,
And the growlers growl,
And the gee-gaws go it,
Behind the night
There is plenty of light,
And things are all right,
And I KNOW IT."

One hundred rhymes of this nature put into a book would constitute a far greater and an infinitely more important philosophy than Plato's or Emerson's or any other produced by either ancient or modern sages.

In the eight lines of that crude and homely jingle here reproduced there is all the philosophy that any man needs. It is a declaration of faith. It is a profound expression of belief in the goodness and the wisdom of God.

Will the friend who sent us the rhyme please accept our very great thanks?—Los Angeles Times.

BELONGS TO THE PREHISTORIC

City That at One Time Had Many Inhabitants One of the Show Places of New Mexico.

A lost city of 20,000 homes has been found in a great canyon barely 40 miles from the city of Santa Fe, N. M. It is reputed to be the first known city of the Cochiti tribes of Pueblo Indians of the Southwest. The place is called Rito de los Frijoles or Tyuonyi, and is one of the world's wonders.

Here, in little caves in the sides of giant cliffs, dwelt the prehistoric cliff dwellers of America in communal dwellings, that were almost immune from attack by either man or the giant beasts of the stone age.

The valley is about 12 miles long and about half a mile wide, with the sheer walls of the cliff towering perpendicularly for thousands of feet. For some distance they are red or brownish in color, and then in places they are dazzling white. Almost the entire surface is honeycombed with thousands of volcanic blowholes, that once upon a time belched forth sulphur fumes and steam of the earth's core. The people used these holes as doors to their homes, and enlarged the interiors to suit their families. Some built three-story buildings in front of the caves, but little remains of these feats of masonry.

COULDN'T WALK TWO BLOCKS

Wonderful Recovery of Real Estate Man From Rheumatism After Taking Sulfero-Sol "The Wonder Medicine."

"In the interests of my friends and mankind generally," writes Mr. James H. Stephens, Jacksonville, Fla., "I wish to state how much I have benefited by Sulfero-Sol. For several years prior to 1915, I had suffered with stomach trouble, rheumatism and other complaints, being reduced in weight from 165 lbs. to 139 lbs., and so weak I could not walk two blocks without being exhausted. While on visit to Mr. Stanley Stanton Stephens in September, 1915, at Ramer, Ala., he introduced me to Sulfero-Sol. I took it and soon my troubles left me, my appetite became good. Being able to eat solid foods, I commenced to regain my weight, and on 15th of August, 1916, I tipped the scale at 165 lbs. Now, and for two years, I can walk from my home, 1714 Liberty street, to my office, 54 Buckner Building, one and one-quarter miles without fatigue; notwithstanding the fact that I am seventy-six years young."

This is one of hundreds of letters that have been written in praise of Sulfero-Sol. Nature's medicine that has done so much good in the world. Take it for Rheumatism, Indigestion, Eczema or any other nerve or blood disease. You will not be disappointed. Druggists sell it.

Their answers will convince you that the big producers don't depend upon grass, but find it necessary to supply elements that properly balance it. Most grass is so deficient in protein that a cow would have to eat several times her capacity to obtain enough protein for her maximum production—grass is practically never balanced.

THEDA BARA IN GREAT PICTURE AT MASONIC MONDAY AND TUESDAY

Clad in robes of regal richness, seated in the midst of caupied estate, sleeping to her bosom a twining asp, Egypt's greatest Queen, Cleopatra, the last of the Ptolemys expired.

This is what Theda Bara did for "Cleopatra," the Fox wonder film, and it is but one of a number of features of similar calibre in which this famous screen actress is starred. "Cleopatra" is the greatest and most suitable character for the display of the talents of this rare star.

Never in her life has Miss Bara entered so earnestly into a characterization as she has into "Cleopatra." Not content with a mere casual and superficial study of the character, Miss Bara has delved into all the historical records at her command, in regard to the savagely-imperious, magically-alluring Queen, about whom controversy has raged during all the centuries since she lived.

Prior to coming to California, Miss Bara made a detailed personal study of the wonderful Egyptian exhibit in the Museum of Art in New York City. Here is, perhaps, the greatest collection of the kind in the world, and the Fox star lost no opportunity to thoroughly imbue herself with the atmosphere of the past, which the strange carvings, the mummies, and the hieroglyphics suggest. Miss Bara, by thorough study, has succeeded in resurrecting many forgotten and obscure traits of character of the famous Queen, and portrays them upon the screen with a vividness and intensity that has never before been expressed even by the famous vampire herself.

One of the striking features of the making of "Cleopatra" is the remarkable costumes. A positively startling bit of garb is a peacock dress, in the making of which a whole peacock was used. This is only one of the gorgeous and expensive costumes Miss Bara wears in the picture.

FAMILY OF SNAKE CHARMERS

Women Have Peculiar Power Over Reptiles Which the Ordinary Person Holds in Dread.

Possibly nowhere else is the art of snake charming brought to such a pitch of perfection as at Mount Popa, Upper Burma, India, and strangely enough by women. Here two famous sisters, whose fame is a byword throughout Burma, make their home. At special requests they will condescend to bring their proteges down to the towns for exhibition of their skill, but as a rule they prefer the vicinity of their mountain. This particular family has carried on their profession for many years past, keeping their secret always within their own circle.

The snakes they use are the deadly hamadryad or naja bungarus (naja ophiolagus), the king cobra. The task, possibly, would not appeal to many, as these reptiles are the most dreaded of their kind. Measuring up to 12 feet in length, they possess a deadly poison in their fangs, and an alarming speed. It is said of them, also, that they are the only snake who will attack a human being on sight, chasing him for miles until one or the other is bound to give in.

Snakes are fed on fowls, and appear amenable and tame to handle. The origin of the family and their work is probably unknown, lost in the dim passages of years, but their zeal is not one whit less today than it has been since the profession was first heard of. How long they will continue to carry it on is a matter for conjecture, but undoubtedly they stand for one of Burma's chief curiosities, and a mark for the enterprising tourist who cares to scale the mystic heights of Mount Popa.

Daily Thought.
Dead he is not, but departed—for the artist never dies.—Longfellow.

Holy Days in Dutch Land.

What is religion? It is not the observance of forms and feast days. We have only nine national holidays in America. Only two of our holidays, namely, Thanksgiving and Christmas, may be called even quasi religions. The others celebrate the birth of some great man like Columbus, Washington and Lincoln; or some great achievement like the birth of Independence on the Fourth of July or the new birth of liberty on Memorial day.

Germany, on the other hand, in its nineteen holidays, has only two, namely, Christmas and New Year's which have not a distinctly religious significance. Among them are the Epiphany, Ash Wednesday, Ascension, Good Friday, Assumption, Corpus Christi, Assumption, All Souls' day and All Saints' day. These formal celebrations of sacred events, have apparently not made Germany more saintly.—Better Farming.

Creative Ability.

In our office we draw a very distinct line between designs or sketches and working drawings, and it is, in my opinion, fatal to try to measure a designer's ability by the number of hours it would take him to produce a sketch. That is work that requires creative imagination, and our designers are not judged by the amount of time they put into the solution of an architectural problem, but solely by the results which they obtain, irrespective of cost, so that this part of the work does not come under this category. Only after sketches have been approved, and the work is turned over to general craftsmen to be developed into working drawings, can we begin to apply scientific methods in accomplishing the different ends.—Sunbeams.

SPAN OF LIFE LENGTHENED

No Doubt That the People of Today Live Longer Than Did Their Ancestors.

When reading of people who lived long years ago and especially when reading about the length of their lives, we are told that in the old days people lived longer than they do now. Some of the early historical records speak of single individuals who lived hundreds of years. There is great doubt as to whether these statements are founded on fact. In thinking about this we must first take into consideration that these records of long ago were recorded at a time when man had no accurate idea of the actual passage of long periods of time such as a year. They did not have our calendar as a basis for figuring at all. Learned men now tell us that the actual age of men who lived at the time these records of great ages were recorded probably lived shorter lives than we do now, and that what they recorded as a period of one year was probably a much shorter period than one year.

It is true beyond the question of a doubt that the people of today live longer on an average than people who lived ten, twenty or thirty years ago, observes the Seattle Post-Intelligencer. In other words, the average period of life has increased steadily. This is due to the fact that we have taken greater care of our bodies; have improved the conditions in which we live, and made them more sanitary; have learned to fight and check and eradicate diseases which only a few years ago we could not prevent people dying of when they once contracted them, and we know from the records which we keep that actually people live longer on the average today than only a few years ago, and it is safe to say that they live longer now on the average than at any time in the world's history.
